Professional Play Therapy Training Program

Course description:

- Comprehensive program designed for those aspiring to become professional play therapists
- Opportunity to become a registered play therapist under APT (US) and/or APPTA (Australia)
- Opportunities for attendees with prior experience in play therapy to enroll in individual modules

Target: Individuals with psychology, counseling, social work, early childhood education or related experiences

Entry requirement: Undergraduate degree or above

APT Approved Provider 14-394

Course highlights:

- **The only program in Hong Kong** with internationally renowned play therapy educator **Dr. Garry Landreth** as course consultant
- **A pioneering collaboration** between a private institution from Hong Kong and **the Center for Play Therapy (CPT)** at the University of North Texas in US, a globally recognized play therapy center
- A curriculum with real clients and supervised by registered play therapist supervisors to assist in **fulfilling most of requirements** for becoming a Certified Child-Centered Play Therapist (CCPT/I-CCPT) and/or Registered Play Therapist (RPT)
- **Opportunity to be employed as play therapists** at HKPCCA who successfully complete both stages of the program
